<p>In the Matter of the Application of</p> <p><b>SOLAR PINES, INC.</b> <b>Permittee</b></p> <p>for a permit pursuant to § 809 of the Adirondack Park Agency Act</p>	<p>To the County Clerk: Please index this permit in the grantor index under the following name(s): <b>1. Solar Pines, Inc.</b></p>

**SUMMARY AND AUTHORIZATION**

This permit authorizes a construction of a single family dwelling in an area classified Moderate Intensity Use on the Adirondack Park Land Use and Development Plan Map in the Town of Keene, Essex County.

This authorization shall expire unless recorded in the Essex County Clerk's Office within 60 days of issuance of a signed and notarized permit. The signed and notarized permit shall be recorded in the names of all persons listed above and in the names of all owners of record of any portion of the project site on the recordation date.

The project shall not be undertaken or continued unless the project authorized herein is in existence within five years of the date the permit is recorded in the Essex County Clerk's Office. The Agency will consider the project in existence when the single family dwelling has been constructed.

The project shall be undertaken in compliance with all conditions stated herein. Failure to comply with this permit is a violation and may subject the permittee, successors, and assigns to civil penalties and other legal proceedings.

This permit does not convey any right to trespass upon the lands or interfere with the riparian rights of others in order to undertake the authorized project, nor does it authorize the impairment of any easement, right, title or interest in real or personal property.

Nothing contained in this permit shall be construed to satisfy any legal obligations of the permittee to comply with all applicable laws and regulations or to obtain any governmental approval or permit from any entity other than the Agency, whether federal, State, regional, or local.

### **PROJECT SITE**

The project site is an 1.1±-acre parcel of land located on NYS Route 73 and Airport Road in the Town of Keene, Essex County, in an area classified Moderate Intensity Use on the Adirondack Park Land Use and Development Plan Map. The site is identified as Tax Map Section 62.2, Block 1, Parcel 34.1, and is described as a portion of a deed from Esther E. Berezofsky a/k/a Esther E. Bevezofsky to Solar Pines, Inc., dated November 15, 2021, and recorded in the Essex County Clerk's Office under Book 2063, Page 111.

The project site was created as "Lot 2" in a two-lot subdivision as authorized by Agency Permit 2024-0305.

### **PROJECT DESCRIPTION**

The project as conditionally approved herein involves construction of a single family dwelling on the project site.

The project is shown on the following maps, plans, and reports:

- "Site Plan," prepared by Kevin A. Hall, L.S., dated and received by the Agency on September 24, 2025, (Survey Plan); and
- "Solar Pines Septic System," in six sheets, prepared by Mark J. Buckley, P.E., dated August 21, 2025, (Septic Plans); and
- "Millard Heights," in five sheets prepared by Advanced House Plans, and dated September 2, 2021, and received by the Agency on August 29, 2025 (Dwelling Plans).

A reduced-scale copy of the Survey Plan for the project is attached as a part of this permit for reference.

### **AGENCY JURISDICTION**

This permit amends Conditions 7 and 8 of Agency Permit 2024-0305.

### **CONDITIONS**

#### **THE PROJECT IS APPROVED SUBJECT TO THE FOLLOWING CONDITIONS:**

1. The project shall not be undertaken until this permit has been recorded in the Essex County Clerk's Office.
2. This permit is binding on the permittee, all present and future owners or lessees of the project site, and all persons undertaking all or a portion of the project. Copies of this permit and the Site Plan and the Septic Plans shall be furnished by the permittee to all subsequent owners or lessees of the project site prior to sale or lease, and by the permittee and/or any subsequent owner or lessee to all persons undertaking any development activities authorized herein.
3. In addition to complying with all terms and conditions of this permit, all future activities on the project site shall be undertaken in compliance with the requirements of New York State's Adirondack Park Agency Act, Freshwater Wetlands Act, and the Adirondack Park Agency's implementing regulations [9 NYCRR §§ 570-588].

4. This permit amends and supersedes Permit 2024-0305 in relation to the project site. The terms and conditions of Permit 2024-0305 shall no longer apply to the project site.
5. All deeds conveying all or a portion of the lands subject to this permit shall contain references to this permit as follows: "The lands conveyed are subject to Adirondack Park Agency Permit 2025-0204, issued November 4, 2025, the conditions of which are binding upon the heirs, successors and assigns of the grantors and all subsequent grantees."
6. Subject to the conditions stated herein, this permit authorizes the construction of one single family dwelling in the location, footprint, and height shown and as described on the Survey Plan and the Dwelling Plans. Any change to the location or dimensions of the single family dwelling shall require prior written Agency authorization.
7. The construction of any accessory structure on the project site shall require a prior written Agency authorization.
8. Construction of any guest cottage on the project site shall require prior written Agency approval.
9. Any on-site wastewater treatment system on the project site installed within five years of the date of issuance of this permit shall be constructed in conformance with the location and design shown on the Survey Plan and the Septic Plans. Construction of the system shall be supervised by a New York State design professional (licensed engineer or registered architect). Within 30 days of complete system installation and prior to its utilization, the design professional shall provide written certification to the Agency that the system was built in compliance with the approved plans.  
  
No on-site wastewater treatment system shall be installed on the project site more than five years after the date of issuance of this permit except pursuant to written authorization from the Agency.
10. When brought from off-site, all equipment, including but not limited to trucks, excavators, tractors, etc., and hand excavation tools such as shovels, rakes, and picks, to be used on the project site shall be clean and free of soil, mud, or other similar material. If washed on the project site, equipment shall be washed in one location to prevent the distribution of propagules among different wash sites. All construction equipment and vehicles operating in areas that may contain existing invasive species shall be thoroughly cleaned prior to moving to other areas.
11. Any new free-standing or building-mounted outdoor lights shall employ full cut-off fixtures that are fully shielded to direct light downward and not into the sky or toward East Branch AuSable River, NYS Rte 73 or adjoining properties.

12. All exterior building materials, including roof, siding and trim, of the dwelling/any structure on the project site shall be a dark shade of green, grey, or brown.
13. No trees, shrubs or other woody-stemmed vegetation may be cut, culled, trimmed, pruned or otherwise removed or disturbed on the project site without prior written Agency authorization, except for the removal of dead or diseased vegetation, rotten or damaged trees, or any other vegetation that presents a safety or health hazard.
14. All trees and shrubs depicted on the Survey Plan shall be planted no later than the first spring or fall planting season after final grading related to the construction of the single family dwelling on the project site. Trees and shrubs that do not survive shall be replaced annually until established in a healthy growing condition.
15. There shall be no more than one principal building located on the project site at any time. The single family dwelling authorized herein constitutes a principal building.

### **CONCLUSIONS OF LAW**

The Agency has considered all statutory and regulatory criteria for project approval set forth in the Adirondack Park Agency Act. The Agency hereby finds that the single family dwelling authorized as conditioned herein:

- a. will be consistent with the land use and development plan;
- b. will be compatible with the character description and purposes, policies, and objectives of the Moderate Intensity Use land use area;
- c. will be consistent with the overall intensity guidelines for the Moderate Intensity Use land use area;
- d. will comply with the shoreline restrictions of § 806 of the Adirondack Park Agency Act; and
- e. will not have an undue adverse impact upon the natural, scenic, aesthetic, ecological, wildlife, historic, recreational or open space resources of the Park or upon the ability of the public to provide supporting facilities and services made necessary by the project.

PERMIT issued this 4<sup>th</sup> day  
of November, 2025.

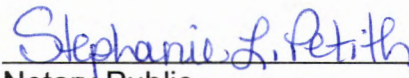

ADIRONDACK PARK AGENCY

BY:   
John M. Burth  
Deputy Director, Regulatory Programs

STATE OF NEW YORK  
COUNTY OF ESSEX
