2016-05-03	19	2015-0199	New York RSA 2 Cellular	Harrietstown	<input checked="" type="checkbox"/>	<input checked="" type="checkbox"/>	RU	2	No	The action involves subdivision into sites by lease and a major public utility use involving installation of a new 94-foot tall telecommunications tower to be concealed as a simulated pine tree. The total height of the tower will be 94 feet (including a 5-foot crown and concealment branching). Within the equipment compound, Verizon Wireless is proposing to install a three-sided 12 panel array containing 8 foot panel antennas to be located at the 85 foot centerline height above ground level and a 4 foot lightning rod. An 11.6 foot by 16 foot equipment platform is also proposed on the 0.23± acre (100 foot by 100 foot) lease area. Access to the facility will originate from Forest Home Road (County Road 18) utilizing 3000± feet of an existing woods road/driveway, and a new 500± foot long gravel drive extending from the existing access is to be constructed to accommodate construction and service vehicles. Utilities will be extended underground from an existing transformer (adjacent to the existing single-family dwelling at Station 27+75± to Station 30+00) along a new 10-foot wide utility easement, and will then be installed within the access and utility easement adjacent to the proposed access road up to the tower site (Station 34+90±).
