MEMORANDUM

TO: Terry Martino, Executive Director

FROM: Richard Weber, Deputy Director - Planning

DATE: May 8, 2019

RE: Summary of Revisions Made to the May 2019, Final Master Travel Corridor Unit Management Plan

Due to the size of the Final Master Travel Corridor Unit Management Plan, it was considered impractical to provide a useful “redline” version of the Plan that tracked the limited changes made to the document since the Agency’s “First Reading” of the document in July of 2018. Instead, a summary is provided here to identify all the changes that were made in more general terms:

- 1) A revision of the cover with a title change from “Proposed Draft Generic Travel Corridor Unit Management Plan” to “Final Master Travel Corridor Unit Management Plan”;
- 2) Change of document date and correction of DEC address;
- 3) Change of document title to “Master” throughout document;
- 4) Consistent reference to Final Generic EIS made throughout document.
