Dear ARIEL D. LYNCH

In regards to APA PROJECT 2020-0008...

I am opposed to Phil Huestis building a solar farm across from my home if its going to block my view. Right now our view is average and with solar panels across the road my view would be poor. If he's building where my view will not be blocked then I have no problem with the solar farm. If I ever want to sell my home a solar farm across the road will not help sell it.

Thanks for letting me voice how I feel. Please take a look at your decision from my side of the fence.

Thank You  
Sincerely

Reta L. Harrington  
Randy L. West SR

and also on behalf of my son  
Randy West Jr.
