

**RESOLUTION ADOPTED BY THE ADIRONDACK PARK AGENCY WITH RESPECT  
TO THE REVOCATION OF GENERAL PERMIT 2011G-2 FOR NEW YORK STATE  
DEPARTMENT OF TRANSPORTATION HERBICIDE MANAGEMENT FOR  
GUIDERAIL AND SIGN DELINEATOR POSTS ADJACENT TO WETLANDS IN THE  
ADIRONDACK PARK**

**November 14, 2024**

**WHEREAS**, the Adirondack Park Agency has general jurisdiction over certain regulated activities that occur within the boundaries of jurisdictional wetlands and any other activity that substantially impairs the functions served by or the benefits derived from a wetland in the Adirondack Park; and

**WHEREAS**, the Agency's approval criteria, set forth in § 809(10), mandates that a project can be permitted only when it is consistent with the land use and development plan, compatible with the character description and purposes, policies, and objectives of each land use area; and has no undue adverse impact on Park resources, including the natural, scenic, aesthetic, and open space resources; and

**WHEREAS**, pursuant to Adirondack Park Agency regulations 9 NYCRR § 572.23(h), the Agency has the authority to revoke an approved general permit through the procedures outlined under 9 NYCRR § 572.23(c), the same process required for approval of a new general permit; and

**WHEREAS**, pursuant to 6 NYCRR Part 617 and section 572.23(d) of Agency regulations, revoking an existing general permit is classified as an Unlisted Action for purposes of the State Environmental Quality Review Act (SEQRA), and the Agency has conducted an uncoordinated SEQRA review as defined by SEQRA and has determined that the proposed action will not result in a significant adverse environmental impact; and

**WHEREAS**, pursuant to Adirondack Park Agency regulations 9 NYCRR § 572.23(e), the Agency conducted a 15-day public comment period and pertinent public comment has been incorporated into the final documents presented to the Board; and

**WHEREAS**, revoking General Permit 2011G-2 titled "New York State Department of Transportation Herbicide Vegetation Management for Guide Rail and Sign Delineator Posts Adjacent to Wetlands in the Adirondack Park" will not change the Agency's jurisdiction or review, as the jurisdiction cited in the general permit is inaccurate. Herbicide use outside of wetlands is not a regulated activity and therefore is non-jurisdictional to the Agency; and

**WHEREAS**, in accordance with Section 7 of New York State's Climate Leadership and Community Protection Act (CLCPA), the Agency has considered climate change and the state's climate goals and finds that revoking General Permit 2011G-2 is not inconsistent with, and will not interfere with, the attainment of the state's greenhouse gas emissions limits.

**NOW, THEREFORE, BE IT RESOLVED**, that the Board of the Adirondack Park Agency hereby revokes General Permit 2011G-2 “New York State Department of Transportation Herbicide Vegetation Management for Guide Rail and Sign Delineator Posts Adjacent to Wetlands in the Adirondack Park.”
